

U-EXPLORE

What is the **U-Explore Online Web App**?

The U-Explore online web app allows users to learn about the world of work, the various career options available and the training you will need to get on the right path.

Our innovative, independent and impartial online resource takes learners on a unique educational journey to inspire them about their futures, placing them in control of their own learning and progression.

Created by teachers, it provides a whole-school approach to careers and employability support - engaging learners through a vibrant and intuitive design, packed full of media content to deliver outcomes for learners aged 11-19.

If you have forgotten your log in details or need to register just call into the careers office and see Mrs Bilton for the free George Pindar School student code.
